The Human Resource Manager
Nile Breweries Limited
P.O. Box 1345, Jinja

Dear Sir/Madam,

Application for Internship Placement in the Computer Science Department

I am writing to express my interest in an internship placement within the Computer Science Department at Nile Breweries Limited. I am a second-year student pursuing a **Bachelor of Science in Computer Science** at **Makerere University**. With a strong passion for **software development, data management, and cybersecurity**, I am eager to apply my theoretical knowledge in a practical setting to contribute to your esteemed organisation.
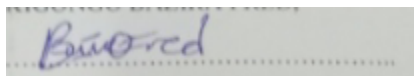

During my academic journey, I have gained hands-on experience in **Flutter application development, Firebase integration, and Quantum Machine Learning for credit card fraud detection**. I am particularly interested in how Nile Breweries leverages **technology and data analytics** to optimise production and business operations, and I believe my technical skills in **software development, data structures, and algorithms** would be beneficial to your IT and data management processes.

An internship at Nile Breweries would offer me the opportunity to enhance my skills, gain invaluable industry exposure, and contribute to your mission of delivering quality products through innovative technology. I am a dedicated and fast learner with excellent teamwork and communication skills, and I am enthusiastic about the possibility of joining your team.

Thank you for considering my application. I look forward to the opportunity to discuss how my background, skills, and aspirations align with the internship programme at Nile Breweries.

Yours faithfully,

KIGONGO BAZIRA FRED,
